Bagayat S. no. 285 of Koora Village, Srirangapatam Taluk, measuring 1 acre and assessed at Rs 6-8-0 is a Darga inam in the Khata of Sulam Ali Saib's Tomb. From the inam extract, it will be seen that the inam is intended for the up keep of the Tumbuz building and for giving Fateha the annual yield from the land is estimated at Rs 5/-.

(Serial 4)

(Serial 3)

It is reported that the building is neglected, dirty and decaying, as the income from the land is not properly accounted for.

One Abdul Majid Saheb alleges to be the hereditary Muthavalli, pleads inability to repair the building for want of funds.

The local authorities including the Dy. Commr recommend that the inam land in question may be taken under Govt management,

Respected Sir,

After the fall of Tippu Sultan, his Prime Minister Mir Gulam Ali Khan of Mashid built a tomb for himself and his lady in the village of Koora in Kasaba Hobli, Seringapatam. After their death, Gulam Ali Khan and his lady were laid in the Tomb.

2. This tomb was endowed with 18 acres of wet land and an acre of Inam Garden respectively to meet the expenses of ceremonies, feeding of beggers and travellers, lighting, repair, etc., the Khata of this land being in the name of Gulam Ali Khan himself.

3. After the death of Mir Gulam Ali Khan and his lady the above property passed into the hands of his servant (ward) Abdul Hamid who did nothing to fulfil the intentions of the endower until his death. After the death of Abdul Hamid this property passed into the hands of Abdul Majid now alive, who as Muthavalli (Manager) was bound to fulfil the above conditions but instead of doing so he is also misappropriating the income for his own self and has allowed the tomb to go to ruins. The five doors with frame of the tomb and a gate of the Nagar Khana have been removed and only the walls of the Nagar Khana and Mussafar Khana remained without roofing.

4. This tomb was struck years ago by lightning, damaging the dome of the tomb as well as the grave; but no repairs have been done or taken till now. The structure in fact is without any enclosures and has become a free resort to stray animals and is no better than a stable. It is dirty and unconserved. The branches of the mango trees planted round it are actually entering the building for want of attention. Writing irreverent regarding the dead and consequently shocking the public no wounding their feelings, blacken the walls that were once of a pure white colour.

5. The Tomb is in the centre of the garden Survey No.285 and cess Rs.6-8-0. This is Inam Garden fetching an income of Rs.150/- annually but the amount is being misappropriated by the Muthavalli.

6. The Muthavalli on purpose, did not pay cess for one year on the 18 acres of wet land with which this tomb was endowed and thereby left it open for revenue auction and in the auction that resulted, he bought the land himself and thus converted it into his own. This land -- yields 88 candies of paddy. Whether the Muthavalli was not able to pay one year's cess from this income accruing from the garden and the wet land can easily be imagined. It is clear from this that the Muthavalli has purposely gone against the intentions of the endower of this property. The chief reason for this is not far to seek. The endower, viz., Mir Gulam Ali Khan was a S h i a and the present Muthavalli is a S u n n i. It is to his purpose and vengeance that this tomb and the memory of the dead should be entirely forgotten. The Muthavalli moreover bears no relationship to the deceased.

7. We pray that the Benign Government may kindly take steps to inspect the spot and the records connected with the same (Inam Register, Khata of 18 acres of land, auction records) and not only remove the present Muthavalli from his charge but also to secure the lands for the purpose intended by the endower and to this end choose a Muthavalli of known good character ~~from~~ among the Shia Community, considering above all, the claims of the descendant of the deceased interred in this tomb.

The petitioners beg to remain,

Sir,

Adverting to official memorandum no: 22024/Inamat 393-13-2 dated 24th Feb: 1914 forwarding for report a petition addressed to the Dewan by Syadgar Allie etc regarding alienation and mismanagement of the inam lands attached to the tomb of Gulam at Koora in the Seringapatam, I have to state that the Amildar of Seringa-patam in his letter

(79 Y

no: 681/827 dated 14th April 1914.

The tomb of Gulam Ali situated in a garden (Survey no. 285) at Koora is a very large and ancient building, but neglected, dirty and decaying.

It is endowed with Bagayat Survey no: 285, in extent 1 acre and assessed at Rs. 6-8-0. Survey nos. 284, 286, 287 and 288 of a total extent of 16 acres and 5 guntas and assessed at Rs 129-0-0 all persons the the tomb and are reported to be popularly called mahan lands, but the khata of these lands is in the joint names of Abdul Razik and Gulam mahamed who have been enjoying the produce of these lands for a long time Even the oldest persons of the place are ignorant as to how these lands came to be registered in the name of the present-holders All these lands including Survey no: 285- the inam, yield an annual gutta income averaging from Rs 150/- to 175/- and paddy

of 84 Candies.

The Shekdar reports that the survey no: 288 is said to have been disposed of by sale but still kept in the possession of Abdul Majid.

The statement of the petitioners regarding the sale by auction of the lands belonging to the tomb, is not supported by any record

Survey no: 285 (old no: 969) is, according to the quitrent Register, Devadaya, granted for support of Gumbaz; and in the Inam khath of 1878-9 there is an entry in the remarks column against this no: 969 (Survey no: 285) that the repairs to the tomb of Gulam Ali and the giving of Fathya (once in a year) are attended to.

The quitrent and survey settlement Registers show that the survey no: 285 is the only one endowed to the tomb, for the purpose viz. maintenance and repairs to the tomb Fathya. This piece

of land is estimated to yield at least Rs 50/- per annum which, is not either wholly or partly utilized by the muthavalli, towards the proper upkeep of the tomb.

Abdul marjid has stated before the Amildar that he is not a descendant of Gulamali khan Sahib, that the makan has been in possession of his family from the time of his ancestors, that he has been distributing fatiya once a year and walled up a portion of the makan to enable him to store his things taken for fatiya that the inam land yields Rs 7-8-0 a year which is shared by him and his brother's wife and that there are no funds to bring the makan to a state of repair.

Hence, the Amildar suggests that this no: 285 might be taken under the Government management, leased out on the best terms, and when the

accumulation becomes sufficiently large building might be repaired

The Sub Division officer of French Rocks, supports Mr Amildan's view, and I agree with him.

The entire correspondence ending with French Rocks Sub division officer's reports: 109/241 dated 1-8-1916 is herewith submitted.
